

Memo

To: Participating Providers in Humana Medicare Advantage Network
From: Charles Brewer, President & CEO
Date: 5/26/2011
Re: Humana Contract Termination

Please be advised that as of December 31, 2011, Health First Network and Humana will terminate their agreement for the Medicare Advantage HMO product in Escambia and Santa Rosa Counties.

For the remainder of the year it will be business as usual. Please continue what you do in providing care to any Humana member that may be assigned to your panel or that you may be providing specialty care.

It is Humana's intention to remain in Escambia and Santa Rosa Counties for Medicare Advantage HMO in 2012. Please expect a call or visit from a Humana representative. They will look to continue your participation with them through another contractual arrangement.

Health First Network will also post a question and answer document on our website (www.hfni.com) to assist you and your staff with questions that may arise.
