

We're in this together:
Quality Health Care

2017 Medicare Partnership for Quality (P4Q) Program Announcement

WellCare Health Plans cares about the quality of health care delivered to our members. Our P4Q Program recognizes providers like you who collaborate to deliver and appropriately document quality care to our members. Our 2017 P4Q Program incorporates HEDIS, Continuity of Care, and Pharmacy measures into a singular, comprehensive program.

You can earn bonuses by submitting documentation of current health status (ICD10 codes) and STAR HEDIS/ Medication Adherence Measures (CPT, ICD 10, and NDC codes). Additionally, by partnering with WellCare to achieve program goals, bonus payments can double!

The program leverages your existing workflow:

- 1 Schedule and conduct patient exams.
- 2 Use the Appointment Agenda, HEDIS reports and RxEffect® as guides to close care gaps and update diagnoses.
- 3 Fax the completed/signed Appointment Agenda back to WellCare for Continuity of Care members.
- 4 Provide appropriate medications to your members and encourage them to fill their prescriptions; consider 90-day supplies for members stable on therapy.
- 5 Submit all appropriate diagnostic and procedure codes on your claim.

Please see the reverse side, which outlines the included measures and how you can double your payments.

If you have questions about our P4Q Program, please contact your Provider Relations Representative, or call Provider Services at 1-855-538-0454 (TTY 1-877-247-6272). You can reach us Monday–Friday from 8 a.m. to 6:30 p.m.

You can find more information in the *Resources* box after logging on to <https://portal.wellcare.com/login/provider>.

Thank you for working with us to deliver quality health care to our members.

Earn Even More

As illustrated in the table below, eligible providers who attain program goals will receive increases to the transactional incentive. Goal levels will be determined at the completion of the program but apply retroactively to all P4Q payments.

Goal(s) Achieved	Continuity of Care Measures		STAR Measures	
	% Complete	Transaction Incentive %	% Complete	Transaction Incentive %
Continuity Care Only	$\geq 85\%$	150%	$< 80\%$	100%
STAR Only	$< 85\%$	100%	$\geq 80\%$	150%
Both Continuity of Care and STAR	$\geq 85\%$	200%	$\geq 80\%$	200%

All disclaimers outlined in the 2017 Medicare Partnership for Quality Information document will apply to information contained in this announcement. The information document can be found at <https://portal.wellcare.com/login/provider>.
